SUNSET HIGH SCHOOL

At 6:30 the building is deserted

. . . The school awakens . . .

At 8:30 a gang gathers in front of the school

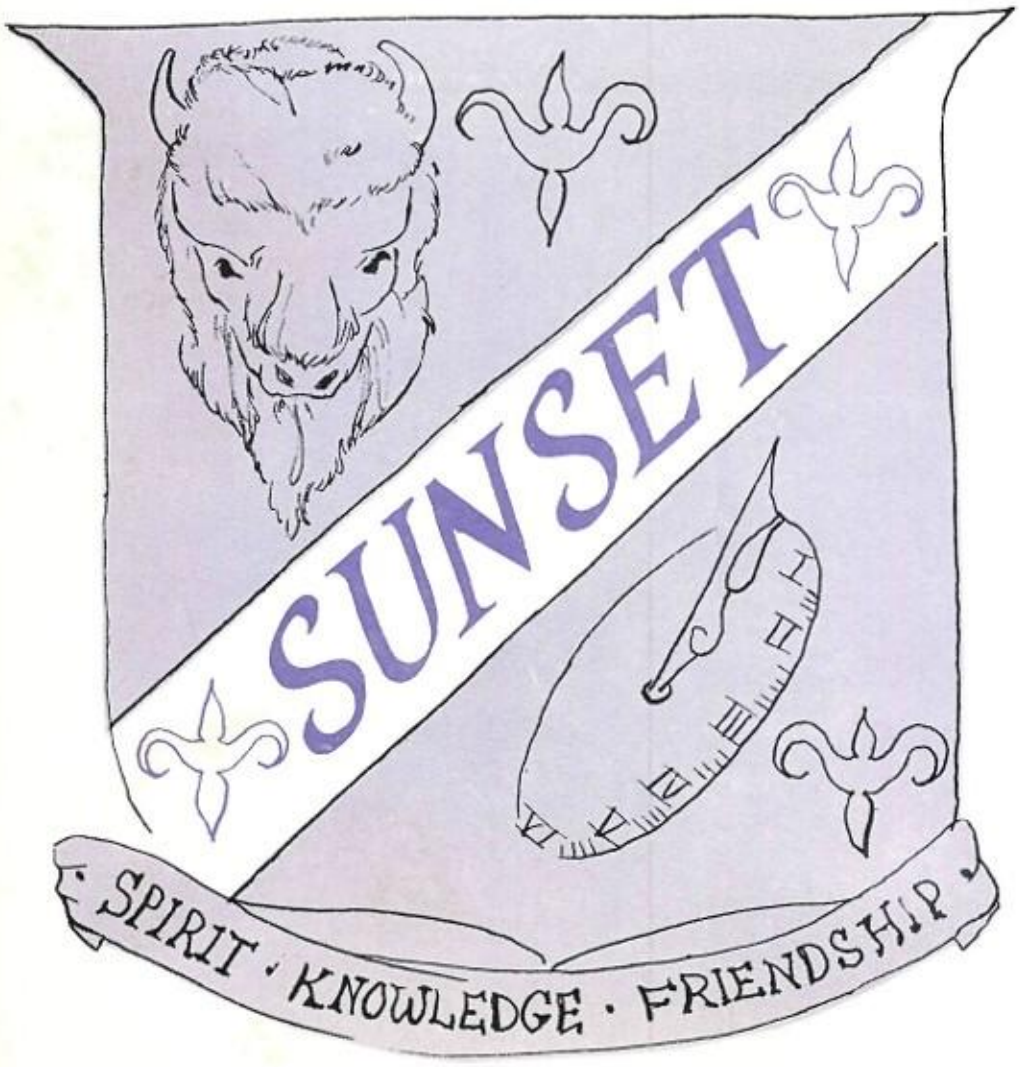
Morning meditations
are well attended

Yesterday's absences
line up for passes

And couples meet
before the bell
rings

There's a buzz of activity as the first bell rings

. . . things begin to hum . . .



Someone is always late

Dedication

Herman C. Scruggs

This year's annual recognizes a man who has been devoted to the Purple and White for the past thirteen years. He has produced three state championship teams and two second place titles. Two of his championship teams were developed in a Class "B" West Texas school in 1936 and 1937 before he came to Sunset in 1943.

Since his arrival at Sunset, the Bison track team has not finished lower than second place except for a tie for cellar in 1945. He won state in 1953, won second in 1954, and tied for second in 1955. He was chosen Coach of the Year of Dallas County in 1953.

With this record he has proved his fine ability as a coach. This year he seeks his fifth consecutive city title. For his devotion to Sunset High School, the 1956 SUNDIAL staff proudly dedicates this annual to Herman C. Scruggs.

My dear Friends:

Much has been written and spoken about the conspicuous few who make up the juvenile delinquents of our nation. I wish to put emphasis upon the inconspicuous many of you, the big majority, who always do the right things and to thank you for your high ideals of personal conduct and your unwavering courage in living up to your ideals.

You are the finest group of young people the world has ever seen. You are healthier, better informed, more religious, and more mature for your years than any other generation. I appreciate you with all my heart and sincerely believe in you. You are capable of accepting the greatest challenge of all times, the challenge to bring into being a better world.

Congratulations and best wishes to each of you. May your hopes and dreams be realized in the fullest degree and may God's richest blessings be with you always.

Sincerely your friend,

C. C. Miller

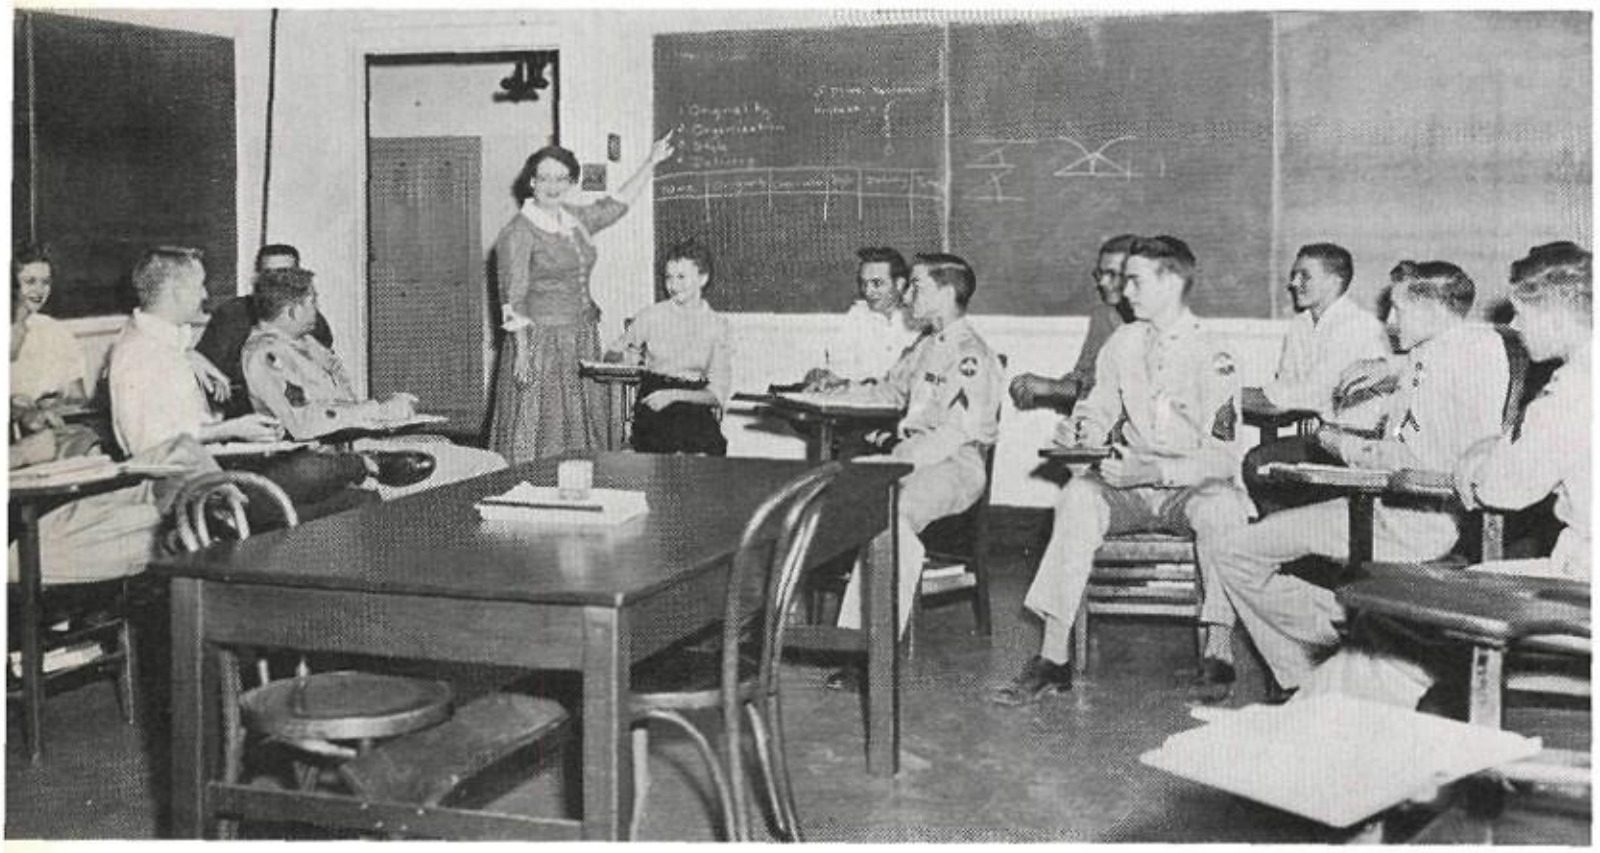
English Department



Miss Martha Ferguson teaching her students the fundamentals of English Composition

The aims of instruction in English are to enable the pupil to improve his skills in reading, vocabulary, and communication, both oral and written; to gain a deeper understanding of the hopes, the aspirations, and the ideals of the English and American people, to heighten his aesthetic response, and to find in great literature an antidote to materialism, and above all, an interpretation of life.

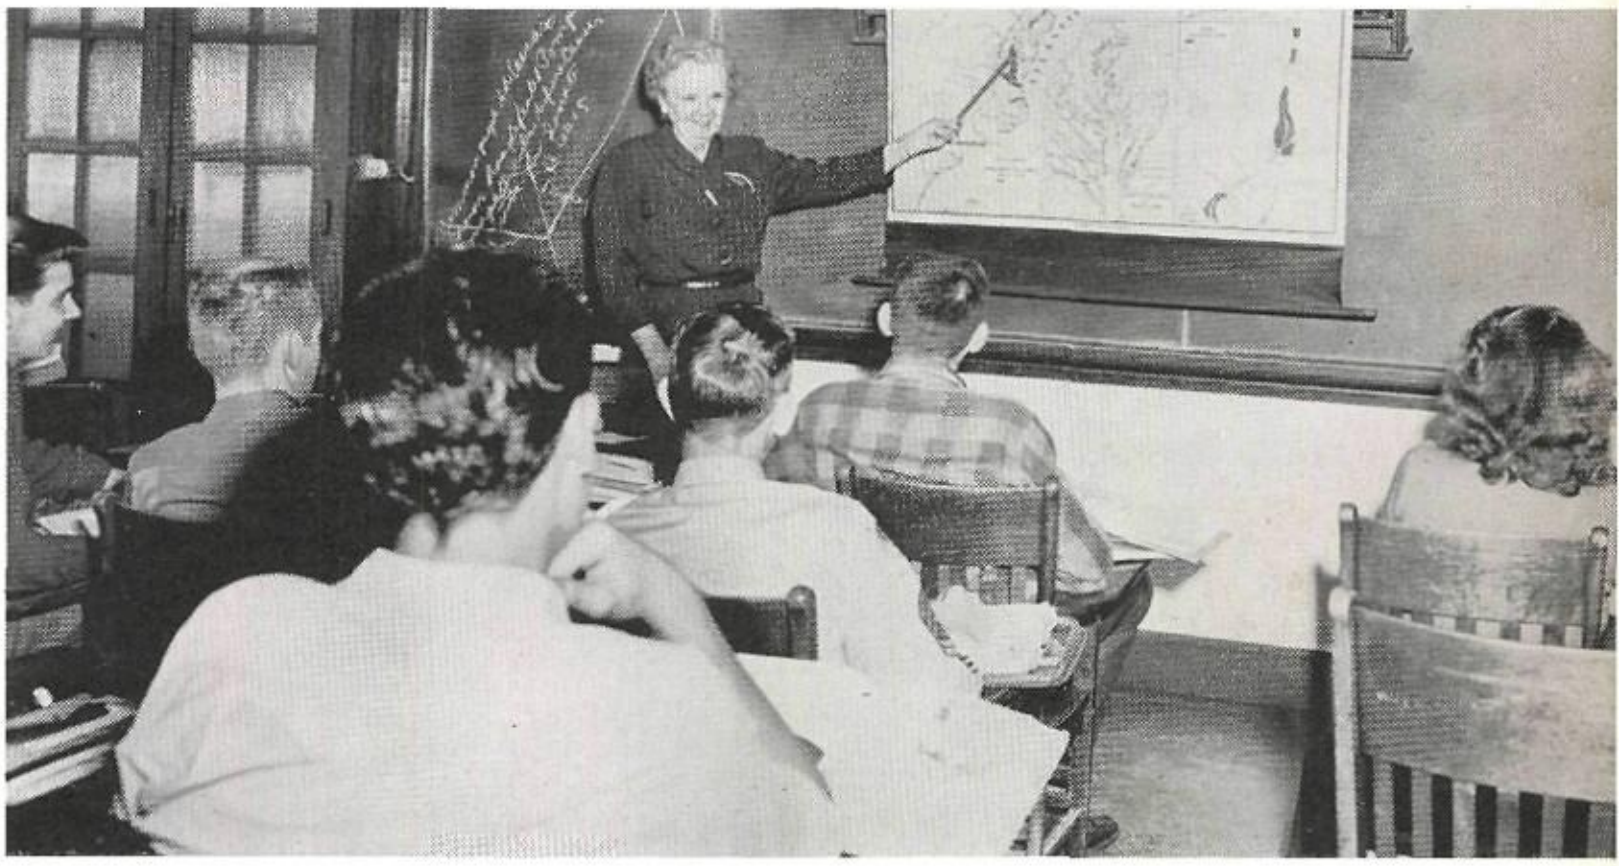
Social Studies



Miss Bess Hackett explaining early English settlements along the Atlantic

A knowledge of the social studies helps the students to appreciate and understand contemporary civilization and interprets and illumines the whole of human life. Instruction is based upon the needs of youth—behavior needs for life adjustment, needs connected with the development of home and community life, and needs associated with skills in group planning, discussion, creative thinking, kindred skills important to democratic living, and the responsibilities of citizenship.

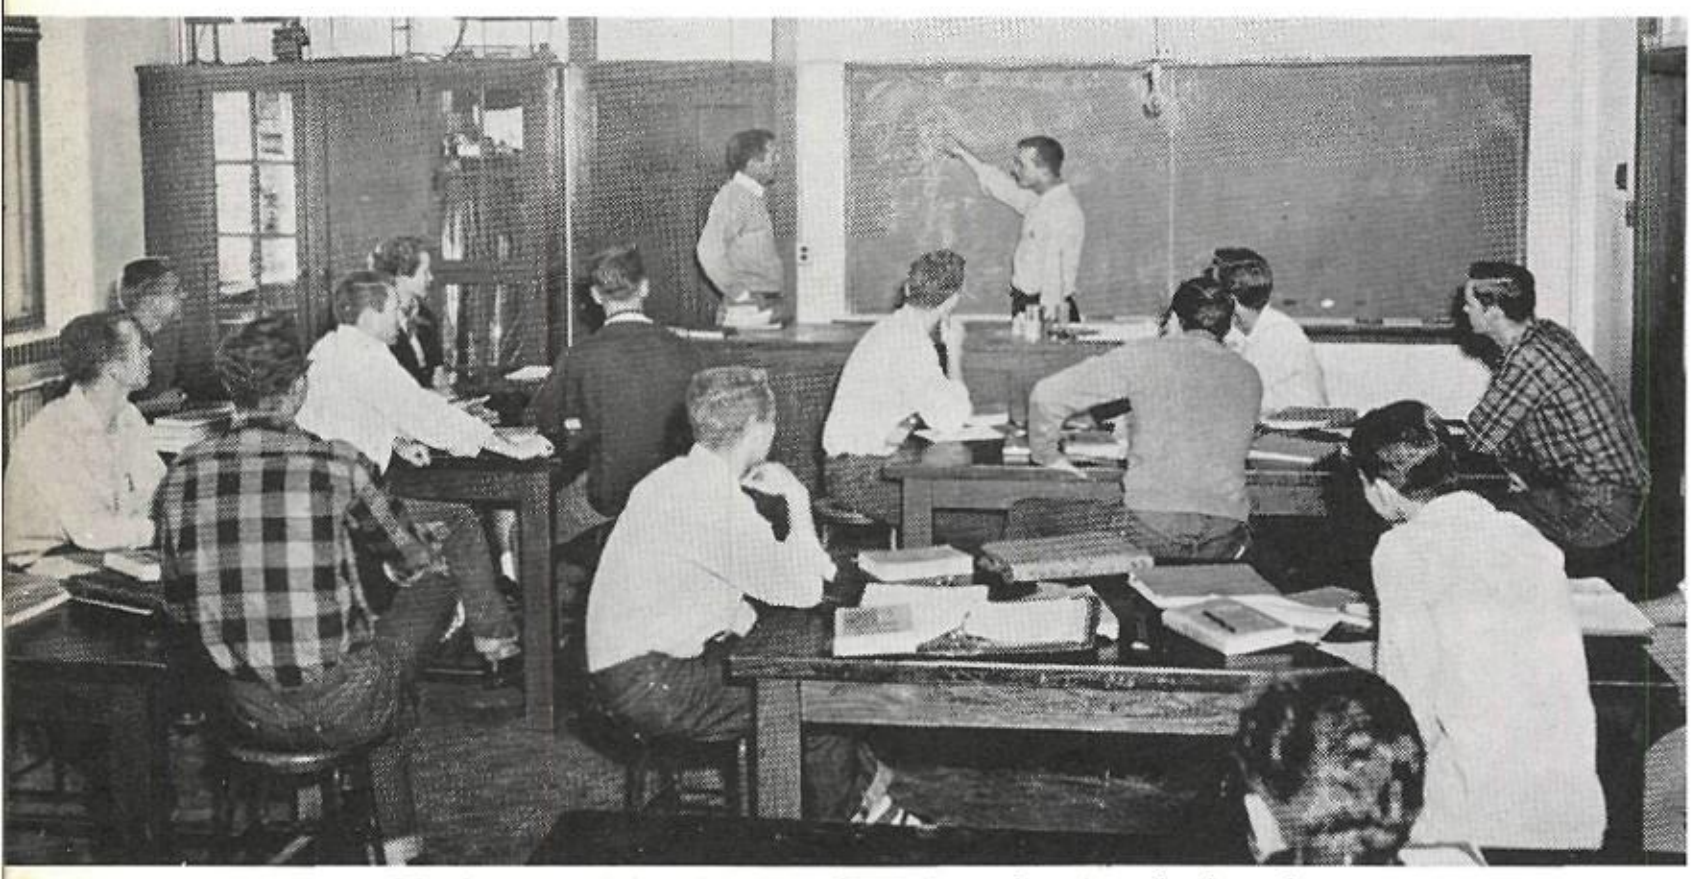
Sciences



Mr. Cornman and students watching the explanation of a formula

Science courses accelerate the emotional development of a pupil by increasing his feeling of adequacy for modern life. Physics enlarges a pupil's concepts both of measurement and of the uses of energy. Chemistry interprets changes that can occur in the composition of materials. Biology extends a pupil's knowledge of living things including an understanding of his own development.

Distributive Education

Distributive Education is a course available to Juniors and Seniors who wish to investigate careers in distributive fields—retail, wholesale, and service vocations. Two academic courses plus D.E. complete the student load in school. Afternoon "on-the-job training" completes the full student program. Two and one-fourth credits are earned per year, enabling the student to be graduated with their regular class.

CONRAD SMITH

Diversified Occupations

The basic objective of the Industrial Co-operative training program is to prepare high school youth for useful employment. The I.C.T. in your high school is designed to help industry and business with their employment problems. Through this type of program the schools are able to prepare youth for full-time employment in many of the less prevalent occupations for which pre-employment training in unit shop courses is justifiable.

Art

The aim of the Art Department is to consider not only the gifted boy or girl but also all students who hope to try to develop or create something useful and beautiful.

Allowing students to explore and experiment on their own should be one of the outstanding features of any art activity. We try to do this at Sunset.

Future Nurses Club

The purpose of the Future Nurses' Club is to answer the following questions for its members:

What is nursing? Is nursing the "career for me"? How can I wisely select a school of nursing? What are the fields which nursing offers? How can I develop as a person socially, culturally, and intellectually? What are the health needs and services of my community, state, and the United States? What can we do for our community in relation to our health?

1956 FOOTBALL SEASON

State Semi-Finalists

The mighty Sunset Bisons regained the fame and glory of olden days with the Bi-District Championship under their arms.

The Bisons were picked by the Dallas sports writers to tie for the city crown with their age-old enemy, the Adamson Leopards: but with hard work and performances above many of the players' heads, they finished as one of the top four teams in the state of Texas.

The Bison football year began with the defeat of Jesuit High School, but the coaches were not pleased with this victory. The Bisons' next opponent was the Lubbock Westerners; but the Bisons' future looked awfully gloomy after this outing, for they were defeated by 24 points. The Bisons came back with a surprise to a great many by sweeping the city field with an unblemished record. The mighty Bisons placed their fine record against Fort Worth's Paschal Panthers the next week on a slippery turf, but again the Bisons rolled on to the tune of 16-7.

With this victory the Bisons went into the state semi-finals. Although the Abilene Eagles defeated the Bisons, we, the student body, are very proud of the record, 10 wins and 2 losses, left by the Sunset Bisons' 1955-56 football team.

Sunset's Baby Bisons again did the unexpected by completing the season with 9 wins and one loss and by capturing the "B" Team City Championship. Jack Roten, the pessimistic coach, would always reply, "We couldn't possibly win," when asked how his team would do against their opponent. When Coach Roten was asked who his outstanding player was, he replied, "They all have city champs on their sleeves." Congratulations to Jack Roten, Herman Scruggs, and Rufus Moore for a highly successful season.

1955–56 Basketball Team

At the start of the 1955-'56 basketball season, the Bison quint was picked by many to finish in second or third place. The Bisons' coach, Rufus Moore, had his sights set to reach the top bracket in the play-offs. After finishing the first round, the Bison five was sitting in third place behind Tech and North Dallas. When the clouds had cleared after the second round robin, the Bisons were in a tie for second place.

Baby Bisons

Jack Roten's Baby Bison basketballers came in second again this year to make it two consecutive years in this berth. Another repeated feat was the breaking of the total points scored in one game record. Behind the constant high scoring of Dale Dixon, the Baby Bisons swished 87 points to hike the old record 10 points. They won 9 games out of 11, losing only to North Dallas, the city champ.

1956 Track Team

Though the Bison speedsters are without their fine brilliant star, Eddie Southern, they are issuing the statement that they are not to be pushed out of the city crown wihout a battle. They have good reason to issue this statement, for they have eight returning lettermen with fine potential strength in nearly all events. In field events they stand strong with James Duncan, throwing the discus 150 feet; James Baird, jumping 22 feet in the broad jump; Royce Tippett, pole vaulting 10½ feet; and Bobby Thomas, clearing 6 feet in the high jump. Another fine prospect is Adrian Jordan in the shot-put. The Bisons do not lack strength on the track either. They have their fine sprint men returning, Jerry Tacker, Paul McDonald, Claude Watson, and Bobby Bozman. The distance boys are paced by David Lowman, Bobby Vandiver, Jerrell Gleaves, and the Herring twins. For these fine reasons the Bisons' track coach, Herman Scruggs, is looking forward to another fine season.

1956 Baseball Team

The 1956 baseball season at Sunset finds only two returning lettermen, Pat Buchanan and Robert Robinson. Behind the pitching of Buchanan and the fine fielding of Robinsin, the Bisons hope to finish in one of the top spots. Their hopes are based on the fine performances of the other seven players in the American Legion play during the summer. Coach "Abe" Barnett's men all have high hopes of defeating their major opponents, Adamson and North Dallas, and going on to the city championship.

1956 Tennis Team

Coach Elmer Knox is expecting a winning tennis team this year. With the fine playing of Jerry Ward, Nancy Taylor, and his boys' doubles team, Coach Knox hopes for a city championship team. Elmer Knox has been coaching tennis for nine years and had city championships in 1948 and 1949. His teams have not finished lower than second place except for a third-place finish in 1955. The chief rivals this year are Woodrow Wilson and Hillcrest. As this yearbook goes to press, the tennis team is ahead in the race by three matches, not having lost one match.

1956 Golf Team
City Champs?

Sunset's outstanding golf coach, E. M. Barnett, has never finished below the second place berth since he began coaching the golf team at Sunset. This year should be no exception, for two of the team's hardest matches are behind them; and they have one big match left against Woodrow Wilson. If they win their last big match, they should have smooth sailing to their seventh straight city championship. With Huel Weaver's continued fine playing and the support of the other Sunset golfers, Coach Barnett's team hopes to reach the city championship.
